

Quick Guide

Cup Manager Results Device

Charge here

Charge the Results Device every night.

Power on

Cup Manager

Start a Match

When the Results device starts you will see a list of games on your field.

Use the **joystick** to move between the games.

Press the **right button** **SELECT** to see more information about the game.

Press **right button** **START** again to start the game.

Wait until the game actually starts before you press **right button** **START**

Handle the Match

When you see this screen, the game has started.

Press **left button** **GOAL** when the home team scores.

Press **right button** **GOAL** when the away team scores.

Press **enter button** **MENU** to enter game menu for more options.

End game by pressing **enter button** **MENU** and select **→** End match

Do not forget to end the game in the Results device when the game finishes.
